Wednesdays | 10:30am-12:30pm
Aug 3 - Sept 21

supporting the relational base
of language and social skills

ABOUT THE PROGRAM

8 sessions
online via zoom
small group setting

Circle of Security is a highly effective parent-child attachment program that targets the development of connection, relationship and attachment – which are also foundations for language development, social skills development and good mental health.

Circle of Security Parenting™

Research confirms that secure children exhibit increased empathy, greater self-esteem, better relationships with parents and peers, enhanced school readiness, and an increased capacity to handle emotions more effectively.

The program is warm, kind, practical, and scientific. SPT has been running COSP for around 10 years and love its accepting, non-judgmental approach.
